PRODUCT BENEFITS

Solvent Based Epoxy Stain Remover

Removes Cured Epoxy

Easy to Apply

Quick and Effective

RECOMMENDED SURFACES

Glazed Floor Tile
 Unglazed Floor Tile
 Quarry
 Marble
 Stone
 Slate
 Terrazzo
 Terracotta
 Brick

AVAILABLE SIZES

1 Ltr

TECHNICAL INFORMATION

Form: Liquid

Appearance: Yellow transparent liquid

Specific Gravity: 0.8-1 g/cm³

Shelf Life: 1 Years approx. if stored in tightly sealed container & cool place

DESCRIPTION

A powerful solvent based cleaner specifically designed for quick and effective removal of cured epoxy residues such as epoxy grout residues from tiles.

DIRECTIONS

1. Always ensure good ventilation, i.e. open windows and doors.
2. Turn off appliances, i.e. gas and electric fires, etc.
3. Protect surrounding areas from damage, i.e. paint work, plastics, textiles.
4. Wear suitable protective clothing.
5. Always store in a cool place to opening.

APPLICATION

1. Always work in small area, i.e. less than 0.5 m.
2. Apply generously to the area required. Leave to work for approximately 4 - 5 minutes.
3. Once epoxy grout has softened, carefully remove with a suitable tool, i.e. a palette knife.
4. Repeat process if necessary to remove all deposits.
5. Wash down the area immediately afterwards with detergent and cold water.
6. Always dispose of any waste thoroughly.

COVERAGE ESTIMATES

1 Litre Approximately - 10-15 m² per litre depending on the nature of the surface and method of application

STORAGE AND SHELF LIFE

Epoxy Grout Remover has a shelf life of 12 months in original unopened container. Store in dry conditions between 5°C and 30°C, protect from direct sunlight. For more details please refer the relevant product safety datasheet

PRECAUTIONS

Keep out of reach of children. Wear suitable protective clothing, gloves and eyes/face protection. After contact with skin, wash immediately with plenty of clean water. In case of contact with eyes rinse immediately with plenty of clean water and seek medical advice.
