

Technical Data & Instruction Sheet

PRODUCT BENEFITS

Enhances gloss of polished stone
Restores lost polishing effect
Enhances gloss by 10-35 points
Fills micro pores
Surface enhancement

RECOMMENDED SURFACES

Natural stones such as Marbles, Granite, Limestone, Travertine etc.

AVAILABLE SIZES

2Kg, 5 Kgs, 20 Kgs

COVERAGE

100-900 sq. ft. per kg, depending on the texture of the stone

TECHNICAL INFORMATION

Form: Powder

Specific Gravity: NA

Flash Point: NA

Freeze point: 0°C

pH: 8-10

VOC CONTENT

NA

DIRECTIONS

Read entire label before using. Use only as directed. Always test on a small area with a 24 hours curing to check desired results. Make sure surface is clean and free of waxes, dirt and coatings. Pro Shine may be applied to damp surfaces only after surface is completely dry. Ensure that that area is well ventilated during the application and the surface is dry. Surface temperature should be between 10°C and 40°C.

1. Ensure area is well ventilated during application and surface is dry. Use respirator. Follow respirator manufacturer's instructions for use.
2. Mask any surface not intended to be treated.
3. Liberally apply an even coat using a paint brush, roller or cloth. **DO NOT USE SPRAYER**
4. Spill Pro Shine + on the floor & mix it water to get a homogeneous paste. Spread this paste over entire area by using red pad on 175 to 200 rpm floor machine. Spread it evenly. **DO NOT ALLOW EXCESS PRO SHINE TO DRY ON SURFACE.**
5. Keep on buffing till gloss emerges on the stone.
6. 15-30 minutes after entire application, wash the entire area with clean water Remove residue, by buffing if left.
7. If powder is left to dry, it will cause etch marks on the surface.
8. Foot traffic may begin after 1-2 hours.
9. Clean tools with water immediately after application and allow them dry in a well ventilated area.

METHOD OF APPLICATION

DO NOT USE POWER SPRAYER. Better results will be obtained using a paint brush, pad or roller. For Larger jobs use pump-up garden sprayer. **USE GLOVES, GOGGLES & RESPIRATORS WHILE APPLYING.**

STORAGE AND HANDLING INSTRUCTIONS

May be harmful if swallowed. May cause skin, eye and respiratory irritation. Do not spray. Avoid prolong exposure to vapors. Use in a well ventilated area. Do not ingest. **KEEP OUT OF THE REACH OF THE CHILDREN.** Do not freeze or store above 40° C. Do not mix with other chemicals.

EMERGENCY/ FIRST AID PROCEDURES

Ingestion: Do not induce vomiting. Call a physician

Eye Contact: Flush thoroughly with water for at least 15 minutes. Remove contact lenses, if applicable, and continue flushing. Call a physician if eye irritation persists.

Skin Contact: Wash skin with mild soap and water. Call a physician if skin irritation persists. Wash clothes before wearing again.

Inhalation: Remove to fresh air. Call a physician if respiratory irritation persists.
