

RachTR XC-5 is a ready-to-use, specialized cleaning paste formulated for rust, stains, and surface deposits from marble and other calcareous stone surfaces. It effectively removes superficial rust stains, dirt and surface deposits without damaging polished finishes when used as directed.

PRODUCT BENEFITS

- Effective removal of superficial rust stains and dirt
- Non-acidic cleaning action for acid sensitive surfaces
- Easy application and rinse-off

RECOMMENDED APPLICATION

- Marble floors and walls
- Limestone surfaces
- Natural and artificial stone

SHELF LIFE

12 months, if stored in original container

PACK SIZE

500 gm

TECHNICAL DATA

TYPICAL PROPERTIES

Appearance	White Viscous paste
Nature	Slurry
Moisture	70 - 75%
pH (10% Solution)	8.0- 9.0
Solid Content	25 – 30 %

The above information is based on the latest stage of our development and application technology. Due to multiplicity of influencing factors, this information must be considered as nonbinding. Because conditions of use are outside our control, we make no warranties, express or implied, and assume no liability in connection with any use of this information.

INSTRUCTIONS

METHOD OF APPLICATION

- Apply a thin, uniform layer of the paste onto the stained marble surface.
- Gently rub the treated area using a soft cloth or sponge in a circular motion.
- Allow the product to remain on the surface for 4–8 hours, depending on the severity of the stain.
- Rinse thoroughly with clean water and wipe the surface dry using a clean cloth.
- Repeat the application, if required, for persistent or stubborn stains.

EMERGENCY / FIRST AID

INGESTION

- Do not induce vomiting.
- Call a physician.

EYE CONTACT

- Flush thoroughly with water for at least 15 minutes.
- Remove contact lenses, if applicable, and continue flushing.
- Call a physician if eye irritation persists.

SKIN CONTACT

- Wash skin with mild soap and water.
- Call a physician if skin irritation persists.
- Wash clothes before wearing again.

INHALATION

- Remove to fresh air.
- Call a physician if respiratory irritation persists.

STORAGE AND HANDLING

- May be harmful if swallowed.
- May cause skin, eye, and respiratory irritation.
- Do not inhale.
- Avoid prolonged exposure to the product.
- Use in a well-ventilated area.
- Do not ingest.
- KEEP OUT OF THE REACH OF CHILDREN.
- Do not freeze or store above 40°C.
- Do not mix with other chemicals.
