

Nano impregnating technology based sealer providing advanced protection against water, oil and other stains.

PRODUCT BENEFITS

- Fluoropolymer based product
- Nano impregnating technology
- Hydrophobic
- Oleophobic
- Effective penetration
- Microbond protection
- Breathable
- Enhanced adhesion strength

PACKAGING SIZE

1 L

USAGE

- Natural stones such as Marbles,
- Granite,
- Travertine,
- Limestone
- Sandstone etc.

COVERAGE

Approximately 100-300 sqft per litre, depending on the porosity of the stone

TECHNICAL DATA

• Form	Liquid
• Color	Transparent
• Specific Gravity	0.88
• VOC Content	< 800 gms/ltr
• Expected Wear	5 years*
	*Varies depending on hardness, texture of surface, type
	of area, surface wear, environmental conditions

INSTRUCTIONS

SURFACE PREPARATION

- Surface temperature should be between 10° C to 35° C and structurally sound, clean and free of waxes, dirt and coatings.
- Ensure that the area is well ventilated and the surface is dry.
- Mask any surface not intended to be treated.

APPLICATION METHOD

- Spread liberally over the substrate using a mop/ paint brush/ roller or cloth. If required, dipping of marble is recommended in certain cases.
- DO NOT USE POWER SPRAYER. For larger jobs, use pump up garden sprayer.
- Allow sealer to penetrate the surface for 15 - 30 minutes. During this time, spread the sealer over entire area to ensure even penetration. Do not allow excess sealer to dry on surface
- Second coat may be needed for porous absorbent surfaces and should be applied 30-40 minutes after initial application.
- Wipe the entire area with clean dry towels after 15- 30 minutes of application to remove excess sealer.
- To remove residue, reapply a thin coat of sealer, allow to dwell it for 2- 3 minutes., agitate with dry nylon pad and dry thoroughly with clean, dry towels.
- A full cure is achieved after 24-72 hours hours foot traffic may begin after 6-8 hours.
- Clean tools with mineral spirit immediately after application and allow them to dry in a well ventilated area.

STORAGE AND HANDLING

May be harmful if swallowed. May cause skin, eye and respiratory irritation. Do not inhale.

Avoid prolong exposure to product. Use in a well ventilated area. Do not ingest.

KEEP OUT OF THE REACH OF THE CHILDREN.

Do not freeze or store above 40° C. Do not mix with other chemicals

EMERGENCY/FIRST AID

- Ingestion: Do not induce vomiting. Call a physician
- Eye Contact: Flush thoroughly with water for at least 15 minutes. Remove contact lenses, if applicable, and continue flushing. Call a physician if eye irritation persists.
- Skin Contact: Wash skin with mild soap and water. Call a physician if skin irritation persists. Wash clothes before wearing again.
- Inhalation: Remove to fresh air. Call a physician if respiratory irritation persists.
