

An economical, water based, natural stone sealer with impregnating technology giving long lasting protection.

## **PRODUCT BENEFITS**

- · Water based
- · Provides hydrophobicity
- · Non-flammable
- Impregnating technology
- Easy to apply
- Preserves natural look
- · Ideal to protect efflorescence

## **PACKAGING SIZE**

5 L and 10 L

## **USAGE**

- Marble
- · Brick.
- Limestone
- Granite
- · Sand Stone
- Cement grout surface

## **COVERAGE**

Approximately 65 - 300 sqft per litre, depending on the porosity of the stone

# **TECHNICAL DATA**

• Form	Liquid
• Color	Transparent
Specific Gravity	1.03
• pH	13 - 14
Expected Wear	3 - 5 years*
	*Varies depending on the texture of surface, Type of
	Area, surface wear, frequency and type of maintenance
	products used and Environmental conditions

# **INSTRUCTIONS**

## SURFACE PREPARATION

- Surface temperature should be between 10° C to 35° C and structurally sound, clean and free of waxes, dirt and coatings.
- Ensure that the area is well ventilated and the surface is dry.
- Mask any surface not intended to be treated.

#### **APPLICATION METHOD**

- Spread liberally over the substrate using a mop/ paint brush/ roller or cloth.
- DO NOT USE POWER SPRAYER. For larger jobs, use pump up garden sprayer.
- Allow SS Sealer to penetrate the surface for 15 -30 minutes. During this time, spread the SS Sealer over entire area to ensure even penetration. Do not allow excess SS Sealer to dry on surface.
- Second coat may be needed for porous absorbent surfaces and should be applied 30-40 minutes after intial application.
- Wipe the entire area with clean dry towels after
  15- 30 minutes of application to remove excess
  SS Sealer
- To remove residue, reapply a thin coat of SS Sealer, allow to dwell it for 2-3 minutes., agitate with dry nylon pad and dry thoroughly with clean, dry towels.
- A full cure is achieved after 24-72 hours hours foot traffic may begin after 6-8 hours.
- Clean tools with mineral spirit immediately after application and allow them to dry in a well ventilated area.

## STORAGE AND HANDLING

May be harmful if swallowed. May cause skin, eye and respiratory irritation. Do not inhale.

Avoid prolong exposure to product. Use in a well ventilated area. Do not ingest.

KEEP OUT OF THE REACH OF THE CHILDREN.

Do not freeze or store above 40° C. Do not mix with other chemicals

## **EMERGENCY/FIRST AID**

- Ingestion: Do not induce vomiting. Call a physician
- Eye Contact: Flush thoroughly with water for at least 15 minutes. Remove contact lenses, if applicable, and continue flushing. Call a physician if eye irritation persists.
- Skin Contact: Wash skin with mild soap and water. Call a physician if skin irritation persists. Wash clothes before wearing again.
- Inhalation: Remove to fresh air. Call a physician if respiratory irritation persists.
