

Solvent based cleaner specifically designed for quick and effective removal of tough and deeply penetrated stains

PRODUCT BENEFITS

- Pulls out deep, set in oil stains
- Non Acidic
- Does not etch the surface
- Will not discolor the stone

USAGE

Recommended Surfaces

- Marble
- Natural Stone
- Sandstones
- Granite

PACKAGING SIZE

1 L

COVERAGE

150 - 200 sqft per litre (undiluted), depending on the intensity of stains

TECHNICAL DATA

• Form	Liquid
• Colors	Transparent
• Specific Gravity	1.12
• Shelf Life	3 years approx
• Freezing point	0 °C
• Flash Point	NA

INSTRUCTIONS

DIRECTIONS

- Always test on a small area with a 24 hours curing to check desired results.
- Ensure that that area is well ventilated during the application and the surface is dry.
- Surface temperature should be between 10 °C and 35 °C

APPLICATION METHOD

- Add 15 to 20 ml of product per stain
- Use a cloth or brush to apply the solution
- Spread Stain R evenly on the stain to cover the entire stain area
- Cover the stain with tissue paper, cotton, or any other material to make a poultice
- Allow the product to work up to minimum 24 hours
- In case of stubborn stains, grind the stone surface before applying StainR and follow the above mentioned procedure
- After removal of stain, rinse thoroughly with water until any excess of the product has been taken away
- If stain is not removed completely, repeat the process for second time
- After the stone has been successfully treated, it is recommended to protect the stone with either RachTR Top Seal or RachTR SS Sealer
- In some cases, Stain R would etch the surface, in that case apply the polishing grit to restore gloss
- Clean tools with water immediately after application and allow them dry in a well ventilated area.

STORAGE AND HANDLING

May be harmful if swallowed. May cause skin, eye and respiratory irritation. Do not inhale.
Avoid prolong exposure to product. Use in a well ventilated area. Do not ingest.
KEEP OUT OF THE REACH OF THE CHILDREN.
Do not freeze or store above 40 °C. Do not mix with other chemicals

EMERGENCY/FIRST AID

- Ingestion: Do not induce vomiting. Call a physician
- Eye Contact: Flush thoroughly with water for at least 15 minutes. Remove contact lenses, if applicable, and continue flushing. Call a physician if eye irritation persists.
- Skin Contact: Wash skin with mild soap and water. Call a physician if skin irritation persists. Wash clothes before wearing again.
- Inhalation: Remove to fresh air. Call a physician if respiratory irritation persists.
